

DHINAKARAN

Frontend Developer

tdhinakaran912@gmail.com +91 8148944698 www.linkedin.com/in/dhinakaran912/ <https://github.com/dhinakaran912>

SUMMARY

B.Tech graduate in Information Technology with strong knowledge of React.js, JavaScript, HTML5, CSS3, Bootstrap, Git, GitHub, and Google AI Studio. Experienced in developing responsive web applications, including an AI-powered e-commerce platform and a weather forecasting application. Completed a Data Analyst internship with hands-on experience in data analysis and reporting. Seeking an entry-level Software, Frontend, or Application Developer role to contribute technical skills and grow in a dynamic organization.

EDUCATION

K. S. Rangasamy College of Technology – Tiruchengode

Nov 2022 – May 2026

B.Tech – Information Technology

CGPA: 6.90

SKILLS

Frontend: React, JavaScript, HTML5, CSS3, Bootstrap

Version Control: Git, GitHub

AI Tools: Google Antigravity, Aoogle Ai Studio, ChatGPT, Claude, GitHub Copilot, Lovable

Productivity Tools: Microsoft Office, Canva

Version Control: Git, GitHub

EXPERIENCE

Data Analyst Intern – Algoalphatech IT Solutions

Jan 2026 – Feb 2026

- Assisted in data collection, cleaning, and basic data preprocessing
- Performed basic data analysis using Excel and supported reporting tasks
- Gained practical exposure to real-time data analytics workflow

PROJECTS

WeatherNow – Weather Forecast Web Application

Tech Stack: React.js, Vite, JavaScript, Bootstrap, Axios, OpenWeatherMap API, CSS

Git Hub:<https://github.com/dhinakaran912/Weather-App>

- Built a responsive weather forecasting application using React.js and OpenWeatherMap API for real-time weather updates.
- Implemented current weather, hourly forecasts, and multi-day weather predictions with location-based weather retrieval.
- Integrated Axios for API communication and developed reusable React components and custom hooks.
- Designed a user-friendly responsive interface with dark/light themes and robust error handling.

DK Hive – AI-Powered E-Commerce Website

Tech Stack: React.js, JavaScript, HTML5, CSS3, Bootstrap, Google AI Studio, Git, GitHub

Git Hub:<https://github.com/dhinakaran912/DK-Hive>

- Designed and developed a responsive e-commerce platform featuring product listings, advanced search, shopping cart, user authentication, and checkout workflow.
- Utilized Google AI Studio and prompt engineering to streamline frontend development and generate UI components and content.
- Built reusable React components to ensure scalability, maintainability, and consistent user experience across devices.
- Used Git and GitHub for version control and collaborative project management.

Personal Portfolio Website

Git Hub:<https://github.com/dhinakaran912/DK-portfolio>

- Designed and developed a modern responsive personal portfolio website with animated UI and smooth navigation
- Showcased projects, certifications, technical skills, and professional experience in a recruiter-friendly layout
- Implemented responsive design, interactive sections, and modern dark theme styling using HTML and CSS

CERTIFICATIONS

- Deloitte Data Analytics Job Simulation Certified- Deloitte Jan 2026
